Edit simulation
Simulation name:
Simulation 1
Launch conditions
Simulation options
Plot data
Export data
Preset plot configurations:
Vertical motion vs. time
X axis type:
Time
Unit:
s
The data will be plotted in time order even if the X axis type is not time.
Y axis types:
Altitude
Unit:
m
Axis:
Left
Vertical velocity
Unit:
m/s
Axis:
Auto
Vertical acceleration
Unit:
m/s²
Axis:
Auto
Flight events:
Launch
Motor ignition
Lift-off
Launch rod clearance
Motor burnout
Ejection charge
Apogee
All
None
New Y axis plot type
Plot flight
Run simulation
